Statement of intent

Pathways School is an Independent Special School for students with Autism aged 11 to 19 years old, with a focus on supporting the needs of students with a primary diagnosis of autism. However, our students may have other co-morbid conditions that require consideration when assessing how best to meet their needs. We aim to create a sense of community and belonging, and to offer new opportunities to learners who may have experienced previous difficulties.

We recognise that we need to consider the individual needs of students when planning our curriculum. We provide a curriculum, underpinned by Positive Behaviour Support and Applied Behaviour Analysis, which is accessible to the individual needs of our students and maximises the opportunity to integrate students into group learning.

All students attending Pathways School will have an Education, Health and Care Plan (EHCP). Students will already have a diagnosis of autism and therefore will experience difficulties with language, communication, and interaction. Students may have other needs such as behavioural and/or medical needs.

As an independent special school, every aspect of our provision is designed to meet the special educational needs of our students. Our aims summarise the principles underpinning everything that we do.

2. Objectives

Every school is required to identify and address the SEND of the pupils that they support. All students at Pathways School have an EHCP and therefore our entire focus is on supporting young people already identified with SEND. Through the implementation of this policy, the school will:

- Use their best endeavours to make sure that pupils with SEND get the support they need to access the school's broad and balanced curriculum through Positive Behaviour Support (PBS) and Applied Behaviour Analysis (ABA).
- Ensure there is high-quality provision to meet the needs of pupils with SEND, with specific focus on inclusive practice and reducing barriers to learning.
- Fulfil its statutory duties towards pupils with SEND in light of the SEND code of practice.
- Promote disability equality and equality of opportunity, fulfilling its duties under the Equality Act 2010 towards individual disabled pupils.
- Make reasonable adjustments, including the provision of auxiliary aids and services, to ensure that disabled pupils are not at a substantial disadvantage compared with their peers.
- Coordinate SEND provision through a trans-disciplinary team consisting of Behaviour Analyst, Teacher, Advanced Skills Practitioner, Tutor and Therapists. The headteacher assumes the overall responsibility as SENCO, however the term is also used to refer to the team that coordinates provision.
- Engage parents in the provision for their child.
- Review, prepare and, where required, publish important information about the school and its implementation of relevant SEND policies, including:

- Accessibility plans setting out how they plan to increase access to the curriculum and the physical environment for pupils with SEND.
- Information about the admission arrangements for pupils with SEND and the steps taken to prevent them being treated less favourably than others.

3. Roles and responsibilities

The governing board will be responsible for:

- Ensuring this policy is implemented fairly and consistently across the school.
- Ensuring the school meets its duties in relation to supporting pupils with SEND.
- Ensuring that there is a qualified teacher designated as SENCO for the school.

The headteacher is responsible for ensuring the school offers a broad and balanced curriculum, with high quality teaching and a positive and enriching educational experience of for all pupils.

In enacting this policy, the headteacher will:

- Ensure the school holds ambitious expectations for all pupils with SEND.
- Establish and sustain culture and practices that enable pupils with SEND to access the curriculum and learn effectively.
- Ensure the school works effectively in partnership with parents, carers and professionals, to identify the additional needs and SEND of pupils, providing support and adaptation where appropriate.

- Ensure the SENCO has sufficient time and resources to carry out their functions.
- Provide the SENCO with sufficient administrative support and time away from teaching to enable them to fulfil their responsibilities.
- Regularly and carefully reviewing the quality of teaching for pupils at risk of underachievement, as a core part of the school's performance management arrangements.
- Ensure that procedures and policies for the day-to-day running of the school do not directly or indirectly discriminate against pupils with SEND.

The SENCO will be responsible for:

- Collaborating with the governing board and headteacher, as part of the SLT, to determine the strategic development of the SEND policy and provision in the school.

- The day-to-day responsibility for the operation of SEND policy.
- The coordination of specific provision made to support individual pupils with SEND.
- Liaising with the relevant designated teacher for LAC with SEND.
- Advising on a graduated approach to providing SEND support.
- Advising on the deployment of the school's budget and other resources to meet pupils' needs effectively.
- Liaising with the parents of pupils.
- Liaising with other schools, educational psychologists, health and social care professionals, and independent or voluntary bodies, as required.
- Being a key point of contact for external agencies, especially the LA and LA support services.
- Liaising with the potential future providers of education to ensure that pupils and their parents are informed about the options, and a smooth transition is planned.
- Working with the relevant governors and the headteacher to ensure that the school meets its responsibilities under the Equality Act 2010, regarding reasonable adjustments and access arrangements.
- Ensuring that the school keeps the records of all pupils with SEND up-to-date, in line with the school's Data Protection Policy.
- Providing professional guidance to colleagues, and working closely with staff, parents and other agencies.
- Being familiar with the provision in the Local Offer and being able to work with professionals who are providing a supporting role to the family.

The Behaviour Analyst & other staff will be responsible for:

- Planning and reviewing support for pupils with SEND on a graduated basis, in collaboration with parents, the SENCO and, where appropriate, the pupils themselves in line with the Pathways2Independence Curriculum.
- Setting high expectations for every pupil and aiming to teach them the full curriculum, whatever their prior attainment.
- Planning learning activity to address potential areas of difficulty to ensure that there are no barriers to every pupil achieving.
- Ensuring pupils with SEND can access the national curriculum where appropriate.
- Being accountable for the progress and development of the pupils in their care.
- Being aware of the needs, outcomes sought, and support provided to any pupils they are working with.

- Understanding and implementing strategies to identify and support vulnerable pupils with the support of the BA & SENCO.
- Keeping the relevant figures of authority up-to-date with any changes in behaviour, academic developments and causes of concern. The relevant figures of authority include the headteacher.

4. Identifying SEND

All students at Pathways School have an EHCP and therefore are already identified with SEND. Therefore the school takes due care to ensure that the targets within the EHCP inform planning and each pupils' Individual Learning Plan.

The school plans, manages and reviews SEND provision across the following four broad areas of need:

- Communication and interaction
- Cognition and learning
- Social, emotional and mental health difficulties
- Sensory and/or physical needs

5. Safeguarding

As a Special School, Pathways School can provide a safe space for vulnerable young people. However, the school recognises that evidence shows pupils with SEND are at a greater risk of abuse and maltreatment in their wider lives, so will ensure that staff are aware that pupils with SEND:

- Have the potential to be disproportionately impacted by behaviours such as bullying.
- May face additional risks online, e.g. from online bullying, grooming and radicalisation.
- Are at greater risk of abuse, including child-on-child abuse, neglect, and sexual violence and harassment.

The school recognises that there are additional barriers to recognising abuse and neglect in this group of pupils. These barriers can include, but are not limited to:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the pupil's condition without further exploration.
- These pupils being more prone to peer group isolation or bullying (including prejudice-based bullying) than other pupils.
- The potential for pupils with SEND or certain medical conditions being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs.

- Communication barriers and difficulties in managing or reporting these challenges.
- A different cognitive understanding and being unable to understand the difference between fact or fiction in online content.

The headteacher and governing board will ensure that the school's Child Protection and Safeguarding Policy reflects the fact that these additional barriers can exist when identifying abuse. When using physical intervention and reasonable force in response to risks presented by incidents involving pupils with SEND, staff will have due regard for the procedures outlined in the school's Physical Intervention Policy.

Care will be taken by all staff, particularly those who work closely with pupils, to notice any changes behaviour or mood, or any injuries, and these indicators will be investigated by the DSL in collaboration with the SENCO.

School staff will be particularly alert to the potential need for early help for pupils with SEND and additional needs.

The governing board and headteacher will ensure that pupils with SEND are taught about how to keep themselves and others safe including online. The school will ensure that teaching of safeguarding is tailored to the specific needs and vulnerabilities of pupils with SEND.

Any reports of abuse involving pupils with SEND will involve close liaison between the DSL and the SENCO.

SEND support

The school is aware of its statutory duty to provide a broad and balanced curriculum and recognise that high quality teaching, which is differentiated for individual pupils, is the first step in responding to pupils who have or may have SEND.

As a Special School, Pathways School has PBS & ABA at its core and uses these frameworks to support the behaviour and learning of our pupils. In addition, the Pathways2Independence Curriculum provides a graduated approach with the intention to provide the breadth and balance that our pupils will benefit from.

All staff at the school will:

- Set high expectations for every pupil.
- Plan stretching work for pupils.
- Use appropriate assessment to set targets and review targets which are deliberately ambitious.
- Plan learning activity to ensure that there are no barriers to every pupil achieving.
- Be responsible and accountable for the progress and development of the pupils in their care.

The school employs a graduated approach to meeting the pupil's needs. This will be through the adoption of a four-part cycle – **assess, plan, do, review** – whereby earlier decisions and actions are revisited, refined and revised with a growing understanding of the pupil's needs and of what supports the pupil in making good progress and securing good outcomes. The process is as follows:

- **Assess:** establishing a clear assessment of the pupil's needs
- **Plan:** agreeing the adjustments, interventions and support to be put in place, as well as the expected impact on progress, development or behaviour, along with a clear date for review
- **Do:** implementing the agreed interventions and support
- **Review:** analysing the effectiveness of the interventions and their impact on the pupil's progress in line with the agreed review date

The school will consider whether additional pastoral support and attention for pupils is required, alongside ensuring that any appropriate support for communication is in place.

EAL

The school is aware that there may be pupils at the school for whom English is not their first language and appreciates that having EAL is not equated to having learning difficulties. At the same time, when pupils with EAL make slow progress, it will not be assumed that their language status is the only reason.

The school will consider the pupil within the context of their home, culture and community and look carefully at all aspects of a pupil's performance in different subjects to establish whether the problems they have in the classroom are due to limitations in their command of English or arise from SEND.

7. Admissions

The school will ensure it meets its duties set under the DfE's 'School Admissions Code'. All places are gained by referral from Local Authorities and the school works closely with them when referrals are made to assess pupils levels of need prior to an admissions decision being made. The following are guidelines for admission:

- Considering applications from parents of children who have SEND but do not have an EHC plan.
- Not refusing admission for a child who does not have an EHC plan.
- Not discriminating against or disadvantaging applicants with SEND.
- Ensuring policies relating to school uniform and trips do not discourage parents of pupils with SEND from applying for a place.
- Adopting fair practices and arrangements in accordance with the 'School Admissions Code' for the admission of children without an EHC plan.

Arrangements for the fair admissions of pupils are outlined in the Admissions Policy and will be published on the school website.

8. Transition

The school is aware of the importance of planning and preparing for the transitions between phases of education and preparation for adult life.

Where pupils have EHC plans, these will be reviewed and amended in sufficient time prior to a pupil moving between key phases of education, to allow for planning for and, where necessary, commissioning of support and provision at the new setting.

9. Involving pupils and parents in decision-making

The school is committed to working in partnership with all parents in the best interests of their child and will provide an annual report for all parents on their child's progress.

Where a pupil is receiving SEND support, the school will regularly liaise with parents in setting outcomes and reviewing progress. The BA and teacher, supported by the SENCO, will meet with the parents **twice** each year.

The planning that the school implements will help parents and pupils with SEND express their needs, wishes and goals, and will:

- Focus on the pupil as an individual, not allowing their SEND to become a label.
- Be easy for pupils and their parents to understand by using clear, ordinary language and images, rather than professional jargon.
- Highlight the pupil's strengths and capabilities.
- Enable the pupil, and those who know them best, to say what they have done, what they are interested in and what outcomes they are seeking in the future.
- Tailor support to the needs of the individual.
- Organise assessments to minimise demands on parents.
- Bring together relevant professionals to discuss and agree together the overall approach.

Where the LA provides a pupil with an EHC plan, the school will involve the parents and the pupil in discussions surrounding how the school can best implement the plan's provisions to help the pupil thrive in their education, and will discern the expected impact of the provision on the pupil's progress.

Where necessary, the school will facilitate support from an advocate to ensure the parent's views are heard and acknowledged.

10. Funding for SEND support

Pathways School is an Independent Special School and all funding for places is from Local Authorities.

11. EHC needs assessments and plans

The school recognises that, despite having taken relevant and purposeful action to identify, assess and meet the needs of a pupil, some pupils may not make expected progress. In these cases, the school will consult with parents and consider requesting an EHC needs assessment.

The purpose of an EHC plan is to make special educational provision to meet the SEND of the pupil, to secure the best possible outcomes for them across education, health and social care and prepare them for adulthood. An EHC needs assessment, in this case, will consider amendments to existing EHC plans.

As part of the EHC needs assessment, the school will meet its duty by:

- Responding to any request for information as part of the EHC needs assessment process within six weeks from the date of the request, unless special exemptions apply as outlined in the SEND code of practice.
- Providing the LA with any school-specific information and evidence about the pupil's profile and educational progress.
- Gathering any advice received from relevant professionals regarding their education, health and care needs, desired outcomes, and any special education, health and care provision that may be required to meet their identified needs and achieve desired outcomes.

If, following the assessment, the LA decides not to amend an EHC plan, the school will be provided with written feedback collected during the EHC needs. It will use this information to contribute to the graduated approach and inform how the outcomes sought for the pupil can be achieved through further special educational provision made by the school and its partners or whether a place at Pathways School is appropriate.

The school is not obliged to admit any pupil that names the school in an EHC plan but will ensure that all those teaching or working with a pupil named in an EHC plan are aware of the pupil's needs and that arrangements are in place to meet them.

12. Reviewing EHC plans

The school will ensure that the BA & Teacher monitor and review the pupil's progress during the year and conduct a formal review of the EHC plan at least annually.

The school will:

- Cooperate with the LA and relevant individuals to ensure an annual review meeting takes place, including convening the meeting on behalf of the LA if requested.

- Ensure that the appropriate people are given at least two weeks' notice of the date of the meeting, such as representatives from the LA SEN, social care and health services.
- Seek advice and information about the pupil prior to the annual review meeting from all parties invited, and send any information gathered to all those invited, at least two weeks in advance of the meeting.
- Ensure that sufficient arrangements are put in place at the school to host the annual review meeting.
- Contribute any relevant information and recommendations about the EHC plan to the LA, keeping parents involved at all times.
- Lead the review of the EHC plan to create the greatest confidence amongst pupils and their parents.
- Prepare and send a report of the meeting to everyone invited within two weeks of the meeting, setting out any recommendations and amendments to the EHC plan.
- Clarify to the parents and pupil that they have the right to appeal the decisions made regarding the EHC plan.
- Where possible for LAC, combine the annual review with one of the reviews in their care plan, in particular the personal education plan (PEP) element.
- Where necessary, provide support from an advocate to ensure the pupil's views are heard and acknowledged.
- Where necessary, facilitate support from an advocate to ensure the parent's views are heard and acknowledged.
- Review each pupil's EHC plan to ensure that it includes the statutory sections outlined in the 'Special educational needs and disability code of practice: 0 to 25 years', labelled separately from one another.

If a pupil's needs significantly change, the school will request a re-assessment of an EHC plan at least six months after an initial assessment. Thereafter, the governing board or headteacher will request the LA to conduct a re-assessment of a pupil whenever they feel it is necessary.

13. Supporting successful preparation for adulthood

The school is aware that being supported towards greater independence and employability can be life-transforming for pupils with SEND. It recognises the importance of starting early, centring on pupil aspirations, interests and needs, and will ensure that pupils are supported at developmentally appropriate levels to make a smooth transition to what they will be doing next, e.g. moving on to higher education.

The school will:

- Ensure that the EHC plan review includes a focus on preparing for adulthood, with additional focus on transition and preparing for adulthood from Year 9 onwards.
- Build transition planning into the revised EHC plan to identify appropriate post-16 pathways for higher education and employment, and support preparation for independent living, maintaining good health in adult life and participating in society.
- Seek partnerships with employment services, businesses, housing agencies, disability organisations, and arts and sports groups, to help children understand what is available to them as they get older, and what it is possible for them to achieve.
- Engage with FE providers as necessary to help plan for any transitions.
- Ensure pupils from Year 8 until Year 14 are provided with independent careers guidance.

The school's Careers Policy details how the school will fulfil its statutory duties under section 42 of the Education Act 1997 and work with pupils with SEND to ensure they are prepared for the workplace.

14. Managing complaints

The school will publish the Complaints Procedure Policy on the school website.

Following a parent's serious complaint or disagreement about the SEND provision being made for their child, the school will contact the LA immediately to seek disagreement resolution advice.

The school is aware of the formal and informal arrangements for resolving disagreements at a local level and will work with the LA in responding to requests for information as part of procedures for:

- Disagreement resolution.
- Mediation.
- Appeals to the SEND Tribunal.

The school will meet any request to attend a SEND tribunal and explain any departure from its duties and obligations under the 'Special educational needs and disability code of practice: 0 to 25 years'.

15. Staff training and improving practice

The school is committed to the learning and development of all its staff members and training opportunities will be provided and delivered in line with the school's CPD and Training Policy.

The school BA, Teacher & ASP will assess staff competencies and ensure that CPD provision allows staff to develop their awareness, skills, and practices in identifying, educating, and assessing pupils with SEND.

16. Use of data and record keeping

All information about pupils will be kept in accordance with the school's Data Retention Policy and Data Protection Policy.

The school's records will:

- Record details of provision made, with accurate information to evidence the SEND support that has been provided over the pupil's time in the school, as well as its impact, e.g. through the use of MyABAKiS & the Pathways2Independence Assessment Tool.
- Include details of SEND, outcomes, action, agreed support, teaching strategies and the involvement of specialists, as part of its standard management information systems (Arbor, MyABAKiS & Pathways2Independence) to monitor the progress, behaviour and development of all pupils.
- Be kept securely so that unauthorised persons do not have access to it, so far as reasonably practicable.

The school keeps data on the levels and types of need within the school and makes this available to the LA and Ofsted.

Confidentiality

The school will not disclose any EHC plan without the consent of the pupil's parents, except for specified purposes or in the interests of the pupil, such as disclosure:

- To a SEND tribunal when parents appeal, and to the Secretary of State under the Education Act 1996.
- On the order of any court for any criminal proceedings.
- For the purposes of investigations of maladministration under the Local Government Act 1974.
- To enable any authority to perform duties arising from the Disabled Persons (Services, Consultation and Representation) Act 1986, or from the Children Act 1989 relating to safeguarding and promoting the welfare of children.
- To Ofsted inspection teams as part of their inspections of schools and LAs.
- To any person in connection with the pupil's application for students with disabilities allowance in advance of taking up a place in HE.
- To the headteacher (or equivalent position) of the setting at which the pupil is intending to start their next phase of education.

The school will adhere to the Pupil Confidentiality Policy at all times.

17. Publishing information

Pathways School is not under section 41 of the Children & Families Act 2014 and is not obliged to publish information on the school website about the implementation of this policy.

However, as a Special School, reporting to the Governing Board includes termly updates on the implementation of this policy.

18. Joint commissioning, planning and delivery

The school will work closely with local education, health and social care services to ensure pupils get the right support.

The school will assist the LA in carrying out their statutory duties under the Children and Families Act 2014, by ensuring that services work together where this promotes children and young people's wellbeing or improves the quality of special educational provision (Section 25 of the Children and Families Act 2014).

The school will draw on the wide range of local data sets about the likely educational needs of pupils with SEND to forecast future needs, including:

- Population and demographic data.
- Prevalence data for different kinds of SEND among children at the national level.
- Numbers of local children with EHC plans and their main needs.
- The numbers and types of settings locally that work with or educate pupils with SEND.
- An analysis of local challenges or sources of health inequalities.

The school will plan, deliver and monitor services against how well outcomes have been met, including, but not limited to:

- Improved educational progress and outcomes for pupils with SEND.
- Increasing the identification of pupils with SEND prior to school entry.

Where pupils with SEND also have a medical condition, their provision will be planned and delivered in coordination with the EHC plan.

19. Local offer

Pathways School is an Independent Special School, however, the school's governing board will collaborate with and support the LA in developing and reviewing their Local Offer, where necessary and appropriate, to ensure that it is:

- **Collaborative:** Where appropriate, the school will work with LAs, parents and pupils in developing and reviewing the Local Offer. The school will also cooperate with those providing services.

- **Accessible:** The school will collaborate with the LA during development and review to ensure that the LA's Local Offer is easy to understand, factual and jargon-free; is structured in a way that relates to pupils' and parents' needs, e.g. by broad age group or type of special educational provision; and is well-signposted and -publicised.
- **Comprehensive:** The school will help to ensure that parents and pupils understand what support can be expected to be available across education, health and social care from age 0 to 25 and how to access it. The school will assist the LA in ensuring that the Local Offer includes eligibility criteria for services, where relevant, and makes it clear where to go for information, advice and support, as well as how to make complaints about provision or appeal against decisions.
- **Up-to-date:** The school will work with the LA to review the Local Offer to ensure that, when parents and pupils access the Local Offer, the information is up-to-date.

When requested, Pathways School will provide the LA with information about their existing provision and capabilities to support pupils with SEND to aid in the drafting of the Local Offer, where required.

20. Monitoring and review

The policy is reviewed on an **annual** basis by the headteacher in conjunction with the governing board; any changes made to this policy will be communicated to all members of staff, parents of pupils with SEND, and relevant stakeholders.

All members of staff are required to familiarise themselves with this policy as part of their induction programme.

The next scheduled review date for this policy is **January 2027**.
